

2017 Golf Alltrack

Exceptional exists
for less than you think.

From only \$35,295.*

Sometimes you like to drive in the fast lane. And sometimes you like to drive with no lanes. That's just the way it is when you're a born explorer. That was the inspiration behind the creation of the 2017 Golf Alltrack. It's ready to discover new places and go off the beaten track with standard 4MOTION® All-Wheel Drive. It's also ready to show off its rugged good looks just cruising about town. With generous cargo space, sporty performance and off-road-ready attributes, it truly is the perfect blend of versatility and driveability – ideal when you've got the heart of an explorer. Discover the go-anywhere vehicle that comes loaded with features – from tech to safety to capability. And it all comes at a remarkably capable price.

Key Features

4MOTION® All-Wheel Drive

Keep your composure on uneven surfaces. If road conditions change, the system calculates the optimal drive torque for the rear axle and shifts power accordingly. It ensures optimum traction on most surfaces even in adverse weather conditions.

Available Adaptive Cruise Control (ACC)^{††}

With ACC engaged, your speed is automatically regulated if the vehicle ahead is moving slower. You don't have to touch the gas or brake pedals. You can also specify the distance between you and the car ahead.

Alltrack raised suspension

The 2017 Golf Alltrack has a raised chassis giving it additional ground clearance over a standard Golf. This means you can explore more adventurous roads with confidence.

Available Lane Assist[†]

The system senses if your car is drifting out of your driving lane and warns you by gently counter-steering the car back in line.

KESSY keyless entry with push-start button

Keep your keys in your pocket and unlock your door by just pulling on the handle. Inside, just push the start button and you're ready to go. It's super convenient, and ultra modern.

Available Light Assist

This is a very convenient feature when you are driving outside of the city and are using the high beams. The system can automatically turn off the high beams temporarily when there is a vehicle ahead of you in your lane or coming toward you in the oncoming lane.

[†]Driver assistance feature. Drivers must continue to perform manual checks before proceeding and pay full attention to the road.
^{††}In emergency situations, it is still necessary to apply the brakes manually.

Engine:

- 1.8 TSI® 170 HP, 6-speed automatic DSG® with Tiptronic® 4MOTION®
- Maximum torque: 185 lb-ft at 1,600–4,200 rpm

© 2016 Volkswagen Canada. Features noted as available are available in optional packages. Items, specifications, availability, standard features, options, fabrics and colours are subject to change without notice. Volkswagen Canada is not responsible for errors in typography or photography. Some features may be unavailable when your vehicle is built or available at extra cost. Although we endeavour to ensure that the information is accurate, as errors may occur from time to time, customers should contact their local Volkswagen dealer for details. Tires are supplied and warranted by their manufacturer. The vehicle is sold equipped with four all-season tires. However, please remember that the use of winter tires may be mandatory in your province or territory. Airbags are supplemental restraints only and will not deploy under all accident scenarios. Always use safety belts and seat children only in the rear seats, using restraint systems appropriate for their size and age. The navigation system depends upon signals from the GPS network and is designed to provide you with suggested routes only. Discrepancies may occur between the mapping and the actual location due to changes in street names, construction or other road system changes which are beyond the control of Volkswagen Canada. Please rely on your individual judgment in determining whether or not to follow a suggested navigation route.
